Recalls Results Look-up by VIN

[Print](#)

VIN: 4T1BE46K99U284160

Year: 2009 Make: TOYOTA Model: Camry

Number of Open Recalls: 1

NHTSA Recall Number: [12V491](#)

Recall Date: October 10, 2012

Manufacturer Recall Number: C0M

SUMMARY:

Toyota is recalling certain Model Year 2007-2009 Camry, Camry Hybrid, RAV4, Corolla, Corolla Matrix, Tundra, Sequoia, Highlander, Highlander Hybrid, Yaris, Scion xB, Scion xD and Pontiac Vibe vehicles. The power window master switch assemblies in some of these vehicles were built using a less precise process for lubricating the internal components of the switch assemblies. Irregularities in this lubrication process may cause the power window master switch assemblies to malfunction and overheat.

SAFETY RISK:

If the switch overheats, it may melt, possibly resulting in a fire.

REMEDY:

Toyota will notify its owners, and dealers will inspect the switch and apply a special grease that inhibits heat build up or replace any switch damaged by the defect, free of charge. Toyota owners that experience a problem with a switch should not attempt to make repairs, but should contact their Toyota dealer or the Toyota customer experience center at 1-800-331-4331. General Motors will contact the Pontiac Vibe owners affected by this recall and GM dealers will inspect and repair switches as necessary. Those owners may contact Pontiac customer care at 1-800-762-2737.

RECALL STATUS: **Recall INCOMPLETE**

MANUFACTURER NOTES:

THIS RECALL DATA LAST REFRESHED: Sep 29, 2014
